Description: We are located in a metro area of 325,000 people and four colleges. University of Texas Tyler, Texas College, Kilgore College and Letourneau University. Students are recruited by opportunity postings on student bulletin boards and through job placement services on the campuses. We typically start the program at the beginning of each school year. Students who can continue from one semester to the next are given first chance at the jobs. This reporting period the station agreed to an internship from the Business school at Kilgore college

Year: 2012-13 Activity: Employee Training

Description: As a small market with University student population from four colleges, we find it much easier to recruit and train entry-level employees than convince people in other markets to move to our town. Because of this fact, we've instituted a training program that allows the people we've already hired to move up into positions of responsibility at the stations. Our programs are a mixture of internal and external training.

In past years we have promoted a part-time traffic assistant to begin full time work scheduling commercials. Another part-time student worker was promoted to full time employment at the stations. We encourage shadowing current full-time We offer an open opportunity for any of our promotional assistants, part-time announcers, and office interns to move onto a track that provides skills and training for full time employment at the stations. We encourage shadowing current full-time employees. We pay for staff to attend conventions for exposure to issues in broadcasting. In the relevant period we paid for 16 members of our staff to attend broadcast conventions.
